

April 5, 1977

LB 109, 109A,
124

so that I don't call on you again. The next bill then is LB 124, I believe, Mr. Clerk.

CLERK: Yes, Mr. President, there are amendments offered on that by Senator Fowler.

SPEAKER LUEDTKE: Let's have the Sergeant at Arms go to the... get Senator Fowler in here please. He's at Appropriations Committee.

CLERK: The next one up, Mr. President, is 109. There is a request to bracket it to April 11th.

SPEAKER LUEDTKE: Senator Reutzel, we'll just take up 109 and 109A. Motion is unanimous consent request to bracket until April 11th. Are there any objections? If not, so ordered. That is 109 and 109A.

CLERK: Well the next one, 201, Mr. President, Shirley Marsh has amendments on it.

SPEAKER LUEDTKE: Senator Boughn, do you object to the bracketing motion on 109 and 109A?

SENATOR BOUGHN: I want to withdraw my amendment on LB 109, that is what I request sir.

SPEAKER LUEDTKE: You may do so. Just come up and withdraw it. It is bracketed until the 11th. That is a good point that is being made here. All of these motions to bracket till the 11th will necessarily be the 12th because we won't be meeting the 11th. That's correct. I assume that all of the bracketing motions that are stated the 11th realize that it will be the 12th. It would be automatic anyway.

CLERK: Mr. President, 201, Senator Marsh has amendments. She's also on the Appropriations Committee. LB 366 is the next one up.

SPEAKER LUEDTKE: Let's take 366. Alright, Senator Fowler is here so we'll revert back to Senator Kahle's 124.

CLERK: LB 124, Mr. President, the E & R amendments have been adopted. There is a request to bracket the bill until April 5th, which is today, by Senator Fowler. There is now pending an amendment offered by Senator Fowler found on page 1256 of the Legislative Journal.

SENATOR FOWLER: I want to thank Senator Kahle for having let me bracket this bill till today. The amendment, I think, is agreeable to Senator Kahle. I think it solves a problem. The bill deals with notice of civil judgements. There have been difficulties with people in cases of divorces particularly getting notice of a judgement of the court with regard to divorce, child support, and so on. The bill with the amendment, as it came out of Judiciary Committee, did not adequately cover all parties involved. We drafted the amendment, went over with John Evans, the counsel for the Judiciary Committee, the language. I think we've got everybody covered. I think it solves all the problems.
